

# WARFARE CENTERS

NAVAL SURFACE WARFARE CENTER | NAVAL UNDERSEA WARFARE CENTER

## College & University Engagement Opportunities

# STUDENT OPPORTUNITIES

## The Naval Acquisition Development Program (NADP)

- Provides professional development to promote the growth of entry-level professionals in finance, contracting, logistics, science and engineering.
- Information at: [https://www.navfac.navy.mil/jobs/students\\_and\\_grads/naval\\_acquisition\\_development\\_program.html](https://www.navfac.navy.mil/jobs/students_and_grads/naval_acquisition_development_program.html)

## Pathways

- The Pathways Program offers federal internship and employment opportunities for current students, recent graduates and those with an advanced degree. The paths include the Internship Program and the Recent Graduates Program.
- Apply at: <https://www.usajobs.gov/Help/working-in-government/unique-hiring-paths/students/>

## Naval Research Enterprise Intern Program (NREIP)

- Summer internship for undergraduate and graduate science and engineering students
- Apply at: <https://navalsteminterns.us/nreip/>

## Science, Mathematics and Research for Transformation (SMART) Scholarship for Service

- Department of Defense Scholarship for Service for undergraduate and graduate students
- Apply at: <https://www.smartscholarship.org>

# FACULTY OPPORTUNITIES

## Doing Business with NAVSEA Warfare Centers

<https://www.navsea.navy.mil/Business-Partnerships>

### Cooperative Research and Development Agreement (CRADA)

- Put in place for specific research to be performed in a collaborative manner

### Educational Partnership Agreement

- Put in place to define specific terms for partnering with an educational institution to assist in enhancing STEM education at the university

## Naval Engineering Education Consortium (NEEC)

- Grants for universities proposing against Navy engineering and science topics. Grant topics are released as Broad Agency Announcements
- Information at: <https://www.navsea.navy.mil/Home/Warfare-Centers/Partnerships/NEEC>

## The Office of Naval Research Faculty Programs

- The Sabbatical Leave Program provides an opportunity for faculty to participate in naval-relevant research at a DoN laboratory or warfare center during the academic school year
- The Summer Faculty Research Program provides an opportunity for faculty to participate in research at a DoN laboratory or warfare center from May through August
- Information at: <https://www.onr.navy.mil/en/Education-Outreach/faculty>

## Naval Surface Warfare Center - Corona Division
